Hi Amar,
   These queries are accessing system internal table.
We won't be to help much in this regards. if you can modify the let us know.

Below is query -

```
Select TO_CHAR(N.FED,'MM/DD/YYYY') FED , TO_CHAR(N.LED,'MM/DD/YYYY')
LED,N.FK_ORGA_OPER_BILLING ORGA_OPER_BILLING,N.FK_NADR NADR,N.FK_POIN
POIN,N.FK_TIER TIER ,T.Name
from POI_NET_ADD_TIER_Membership N, Tier T
where  N.FK_Tier=T.ID
And N.FK_ORGA_OPER_BILLING IN ('CISIE')
and N.status ='A'
and TRUNC(N.led)='31-Dec-2999'
```
